4TH ANNUAL DRIVER EDUCATION CONFERENCE

You're invited...

What people are saying:

Please join educators from across the state at the 4th Annual Driver Education Conference.

Learn how to:

- Present a new classroom course of study that has been proven to improve attitudes and driver behavior practices of new teen license drivers
- Understand the role of hybrid cars in driver education programs
- Address the needs of Learning Disabled Students
- Preview a new Curriculum Guide in application of physics concepts on speed/risk control

Who should attend?

- Public and private school classroom driver education teachers
- Commercial instructors who teach in the classroom and behind the wheel
- Special population teachers who are responsible for students with cognitive disabilities
- Coordinators (Health, Physical Education, and Driver Education) responsible for school-based classroom instruction

- "Materials distributed at the conference were most appropriate for my program."

- "Professional contacts at the conference helped guide us with policy changes."

- Vendors distributed valuable material for possible purchase."

- "The Conference helped us with revisions for out course of study in driver education."

- "The Conference motivated me to try suggested instructional innovations."

- Receive 6 hours of NJDOE Professional Development Credit

- Obtain 0.6 CEU credit hours from NJCU

- Preview the use of updated teacher resources and related PowerPoint programs

- Obtain complementary instructional materials for classroom instruction

Program

- 8:00** Registration and Buffet Breakfast
- 8:45** Teen Smart Crash Reduction Program proven to reduce teen crashes by over thirty percent.
Dr. Harkness speaks out on re-inventing driver education to impact crash reduction. Learn how and why new science based training systems are producing positive results for the first time in over 25 years.
Presenter:
Dr. Richard Harkness, Ed.D. is C.E.O. of Advanced Driver Education Products and Training, Inc. (APEPT) Sacramento, Calif.
- 11:00** Preview new resource guide and video produced by Insurance Highway Institute on Physical and Roadway Speed Reduction Resource. Curriculum guides will be distributed.
Presenters:
Lori Albert and Veronica Capone, Driver Education instructors at NJCU
- 12:00** Vendor Exhibit and Buffet Luncheon
Future of hybrid vehicles in driver education on-road programs
Presenter:
Patrick M. Bartole, Fleet Supervisor of Vehicles at NJCU
- Instructional Considerations for Learning Disabled Students in the Classroom
Presenters:
Lori Albert and Veronica Capone
