

## EDTC622: Chapter 3 Brainstorming Worksheet

<b>Purpose</b>			
The purpose of the study is to measure the general readiness for use of NJEDge.net video services and to find out what it's being used for.			
<b>Research Questions</b>			
How are NJEDge.net ipVideo services being utilized by its members?			
1. Are all the members ready for streaming video?			
2. If not, what is holding back development of the resource?			
3. If so, what services are being used, how often and what discipline?			
<b>Data Collection Instruments and Participants</b>			
<i>Instrument:</i>	eSurvey	<i>Participants:</i>	VRG Representatives
<i>How does it Address the research questions?</i>			
These are the video service representatives for each member institution. It is their responsibility to ensure that the required hardware, software and configuration is up to current NJEDge standards through negotiations with the institutions data network engineers. This will answer the physical transport layer readiness for video services.			
<i>Instrument:</i>	Interview	<i>Participants:</i>	VRG Representatives
<i>How does it Address the research questions?</i>			
A survey question will be provided that will ask if I can contact the participant. I will call those who agree for additional information regarding their answers as necessary.
